FOURTEEN PAGES—FIVE CENTS

PRIESTS FLEE Peron — Monsignors Manuel Tato, left, and Ramon Carlos Novoa, right, are interviewed by United Press correspondent Oacy de Sa at the Galeao Airport in Rio De Janeiro, Brazil, after a flight from Buenos Aires. Lawyers for the clergymen told newsmen they were taken into custody and questioned about weekend riots and charged with defying civil authorities. The Vatican announced June 16 that Peron had been excommunicated for his part in the drive against the Catholic Church in Argentina.

Expelled Prelates 'Know Nothing' Of Argentine Revolt

By JAMES M. LONG
ROME (AP) — One of the expelled Argentine high Roman Catholic churchmen Friday night disclaimed any knowledge of Thursday's revolt against the Peron regime. He spoke for both of the deported churchmen at a news conference.

Msgr. Manuel Tato, auxiliary bishop of Buenos Aires, arrived here Thursday night by plane with his assistant, Msgr. Ramon Pablo Novoa.

Their expulsion from Argentina was followed by proclamation at the Vatican of excommunication for all who had a hand in it, including President Peron, and the outbreak of the revolt.

Msgr. Tato held his news conference Friday at the Latin American Pontifical College here.

"I know nothing of all these events since I was called to the Buenos Aires police headquarters on Tuesday with my assistant, Msgr. Novoa," he said.

He described last Sunday's clashes of pro-church and pro-Peron adherents before Buenos Aires' Metropolitan Cathedral and said the Argentine police had him sign a statement about it.

"They hurled stones, broke windows, and tried to fight their way into the cathedral," he said. "There were about 300 of the faithful inside. We let the women and children out a side door. The others shut the main doors to keep the crowd out. We were defending the tomb of Gen. (Jose de) San Martin, the Argentine hero. He is buried in the cathedral."

After he had made his statement at Buenos Aires about the disorders, Msgr. Tato said, "They kept us there, just sitting in a room, all night."

Asked if they were treated with violence, the prelate replied: "Oh, no. We were not harmed nor threatened. There was no violence."

Nine Injured As Streamliner Rams Stopped Freight

NORWOOD, N.Y. (AP) — A northbound New York Central Railroad freight train rammed the rear of a freight train standing on a siding Friday night and nine persons were reported injured.

A railroad spokesman said the one-car, diesel-powered passenger train and the freight had turned off the main line near this northern New York village to let a southbound train pass.

The Beeline was en route to Massena from Syracuse.

Molotov Receives 10-Gallon Hat On Way To U.N. Meet

CHEYENNE, Wyo. (AP) — Soviet Foreign Minister V. M. Molotov became a tourist Friday and received a cowboy hat as he took in the sights of the West.

Gifts of 10-gallon hats were heartily accepted by Molotov and Georgi N. Zarubin, Soviet ambassador to the United States, at a brief stopover here.

The Russians are en route to the United Nations meeting in San Francisco June 20-25.

The hats were presented by Robert N. Byers, reporter for the Denver Post.

"Thank you very much for the hat," Molotov said through an interpreter. "It is a beautiful hat. Extend my greetings to all of your readers. We must all work for world peace."

Molotov showed obvious interest in the damage done earlier this week by a cloudburst in eastern Wyoming.

He asked several questions about the rain as the train—the Union Pacific's City of San Francisco—which usually makes 90 miles per hour along the road from Egbert to Burns, Wyoming, crawled along at 5 and 10 miles an hour. The weather was cloudy.

Molotov arose early while the train sped across Nebraska and ordered breakfast brought to his room. The dining car steward delivered it to the door and a Russian woman clerk took over and served the meal.

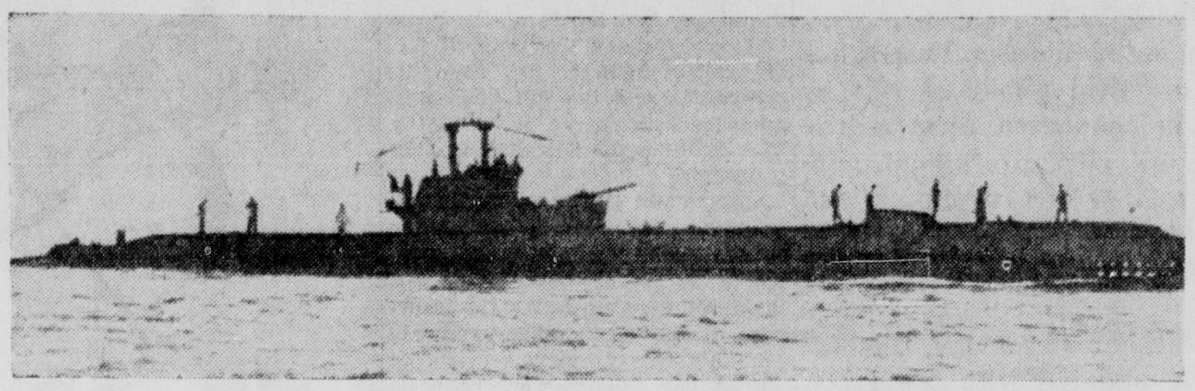

Molotov, who has shown a good appetite on this trip, had half a grapefruit, oatmeal, ham and eggs, sliced tomatoes, and rolls, with two pots of coffee.

172 DIE ON STATE HIGHWAYS IN MAY

SPRINGFIELD, Ill. (AP)—Traffic accidents on Illinois highways killed 172 persons during May, a 9 per cent drop from a year ago, the State Highway Division reported Friday.

For the first five months of this year, the fatality toll was 787, up 1 per cent from the same period last year.

Peron Decrees Arrests Of Church-Sacking Mobs

SUBMARINE SINKS — The British submarine Sidon, above, sank in Portland Harbor, England, following an explosion aboard. The Admiralty announced that the sub, which carried a crew of 44 men, was hit by a blast as it lay alongside the depot ship "Maidstone." At last count 13 crewmembers were missing and divers were continuing their rescue efforts.

Soviets Expel 3 U.S. Military Attaches On 'Spying' Charges

WASHINGTON (AP)—Russia has expelled three American Army officers attached to the American Embassy in Moscow on the ground they were involved in improper activities, informed sources said Friday.

The three men — a lieutenant colonel and two captains — are understood to have already left the Soviet Union.

The Russian move struck a discordant note in Moscow's current peace offensive and opened the way for retaliation by the United States against Soviet diplomats here and in New York.

It came as the latest maneuver in a diplomatic feud between Russia and the United States which has seen several diplomats on each side expelled on charges of espionage.

The Americans involved in the latest incident were reported to be Lt. Col. John S. Benson, assigned to Moscow about 10 months; Capt. William R. Stroud, an embassy attaché for 15 months; and Capt. Walter Mule who had been in Moscow 27 months. All three were Army attaches.

When the story broke Friday, the State Department refused to make any official comment. Officials appeared upset because a reporter learned about it.

Reliable informants, however, reported the three Americans had been declared persona non grata—no longer acceptable—in the Soviet Union.

In the past, Russia and the United States both have resorted to this diplomatic move whenever they want to force the departure of anyone suspected or accused of spying on them.

In the last such case, July 3, 1954, Russia expelled two Amer-

icans — Lt. Col. H. Felchlin, an assistant attaché; and Maj. W. McKinney. They were charged with seeking to perform espionage work, an activity "incompatible with their diplomatic status." The State Department categorically denied Russia's charge.

The department said at the time that Russia's move actually was retaliation against the United States for forcing the departure earlier in 1954 of three Soviet diplomats alleged to have engaged in spying.

The Pentagon listed the address of Stroud's mother, Mrs. Estella Lawler, as 225 S. Park St., Kewanee, Ill.

A relative in Kewanee said Mrs. Lawler had moved to Big Bear Lake, Calif., three years ago, and is living there with a daughter, Mrs. R. M. Wildrick.

Stroud attended the Irving School in Kewanee and later the family moved to Olney, Ill., where Stroud attended high school. He later went to West Point, graduating in 1946.

Guaranteed Wage Plan Eases Seamen's Strike

NEW YORK (AP) — An East Coast seamen's strike was gradually dissolving Friday under an agreed-on principle of a guaranteed wage plan. There was no immediate relaxation of the tie-up of two-score ships from Texas to Maine. However, there was peace on one front in the contract battle and a promise of peace on the others.

The strike of 28,000 CIO National Maritime Union sailors early Thursday had threatened to snarl American-flag transatlantic passenger service at the peak of a record tourist year. However, no passenger liners were in position to be struck before the weekend.

By a voice vote, NMU members approved a contract agreement Friday with operators of East and Gulf Coast liners and freighters. It was expected that 37 tanker firms might soon fall in line.

However, the 28,000 NMU members were told not to sail any ships until three smaller unions also came to terms with the shippers. Little difficulty was anticipated in that area, however, since the NMU is the pattern-setter in the field.

The peace pact worked out between the NMU and the freight shippers embodies the guaranteed wage principle in modified form.

The shippers agreed to con-

tribute 25 cents per day per seaman to an unemployment insurance fund. After it is built up for a year, it will be available to unemployed seamen.

It would provide a guaranteed level of income for a seaman who is laid off. The exact figure is to be worked out but one company offer fixed it at \$40 a week. Part of that would come from regular state unemployment compensation. The rest would be contributed from the shippers' fund. A maximum of 26 weeks of benefits is payable in a single year.

STATE DEPARTMENT SAYS MOLOTOV VISIT TO CHICAGO WAS OK

WASHINGTON (AP) — The State Department said Friday that Russian Foreign Minister V. M. Molotov's visit to Chicago Thursday was permissible even through Russian officials usually are barred from that area.

The regulations, covering movements of all Soviet diplomats in the United States, allow visits to closed areas as long as the diplomats are en route to a location where visits are permitted. San Francisco, except for the port area, is an "open city" for Russian visits. In this case, just to make sure, the Soviet Embassy formally notified the State Department Molotov intended to travel by train to San Francisco via Chicago.

Police announced Thursday night that 156 had been killed, 98 seriously injured and another 750 hospitalized.

Friday the list had increased to 360 dead and nearly 1,000 wounded. The Air Ministry Friday banned air traffic to and from Buenos Aires and its vicinity.

The Chamber of Deputies approved the state of siege which Peron declared Thursday. The Senate also approved.

The U. S. Embassy, in a report to Washington, estimated that seven churches in Buenos Aires were affected by action of mobs which looted and burned in the downtown (continued on page 11)

Ike Ends Alert With Calls For Prayers, Improved CD

EMERGENCY PRESS HEADQUARTERS, Operation Alert (AP) — President Eisenhower rang down the curtain on Operation Alert, 1955 Friday with a call for peace prayers, better Civil Defense organization and quick approval by Congress of his military reserve program.

Speaking from a secret command post away from Washington, Eisenhower said he derived "great encouragement" from lessons learned in the vast Civil Defense exercise — one that saw more than 50 cities theoretically wiped out and 15,000 government people actually evacuated from the capital before it was "bombed to radioactive rubble."

But in solemn tones the chief executive said:

"This is my deepest impression of this exercise: The most devout daily prayers that any of us has should be uttered in the supposition that this kind of disaster never comes to the United States."

In a brief address, Eisenhower declared the most important point he wanted to make was that no "extraneous matter of any kind" must block congressional action on military reserve bills.

Eisenhower's reserve program has been shunted aside in the House in a dispute over a move to bar race segregation in the reserves and the National Guard. Only Friday the Senate Armed Services Committee decided to hold up action until the situation clears up in the House.

The President's final report on Operation Alert was a go-home signal to the 15,000 government workers who flowed out of the capital when air raid sirens shrieked about noon Wednesday. The President himself went on to the Gettysburg, Pa., farm after the report.

Before he talked, Eisenhower met at the underground Pentagon with key aides who gave him a final report on "damage" and a calculated 14 1/2 million "casualties" from the simulated atomic onslaught against cities from coast to coast and from Alaska to the Panama Canal zone.

In a final statement, Civil Defense Administrator Val C. Peterson reported "marked improvement" over last year's Operation Alert, which had no such elaborate features as a 15,000-strong flight

from Washington.

More than four million "casualties" were avoided in Operation Alert 1955, he said, by the simulated evacuations staged by 35 of the 58 cities which have reported to date.

But the exodus of civilians on a warning signal created one of the surprises of the exercise, he said — "nearly 25 million persons were reported . . . as without homes." This was far more than anticipated.

Casualties from fallout — death or radiation sickness — could not be estimated, Peterson said. Some days may pass before the pattern of windborne fallout is traced from 14 cities hit by hydrogen bombs having the explosive equivalent of a million tons or more of TNT.

As expected, stocks of whole

blood were quickly exhausted — on paper. Civil Defense officials took comfort in the fact that the stocks at least were so located as to escape "destruction" at the outset.

Communications suffered "most heavily," Peterson said. Newspaper plants, telephone and telegraph lines, and radio stations were knocked out, he reported.

Eisenhower said he got great encouragement on the main aspect of the exercise — to see how well the government could carry on if a real atomic pounding should come.

But he said one thing stands out: The government must plan steadily and must perfect its liaison with the states and cities to meet a disaster. With proper organization, he said, "countless lives will be saved and much destruction will be avoided."

Creates Group To Study Ike's Security Program

By CHARLES F. BARRETT
WASHINGTON (AP) — A Senate Committee voted unanimously Friday to create a special commission to study the Eisenhower administration's employ security program. Meanwhile charges of "rottenness" in the program were aired before another committee.

Sen. Humphrey (D-Minn.) said approval of the commission by the Government Operations Committee was "one of the most significant developments in the field of security" in the past decade.

He added "Congress will at long last have an opportunity to bring order out of confusion" in the controversial program.

At the same time Louis J. Lyell, fired as a security investigator for the Small Business Administration, told a Senate Civil Service subcommittee its hearings on the security program will be "a revelation of rottenness."

But Wendell S. Barnes, head of the SBA, said Lyell and another ousted investigator "mocked the truth" in their testimony blasting the SBA security program as grossly unfair.

Lyell testified his reports on employee investigations had been falsified by higher officials to make out stronger cases against employees.

He and Clarence E. Clarke, another former SBA investigator, charged many employees were

forced out of their jobs unjustly. Lyell said the program was conducted with "total disregard" for the rights of individuals.

The resolution approved by the Government Operations Committee would create a 12-man commission to study and report on all aspects of the security program by Dec. 31, 1956. Although the decision was reported as unanimous, Sen. Mundt (R-SD) withheld his vote.

The resolution still must pass the House and Senate before it can take effect.

President Eisenhower has said he sees no need for such a study.

Says More Funds Needed For Jet Bomber Dispersal

WASHINGTON (AP)—Gen. Nathan F. Twining has assured senators that the Air Force has emergency plans for dispersing its heavy bombers in case of a surprise enemy attack, a hearing transcript released Friday showed.

But the top Air Force officer said funds are lacking for ideal dispersal of the big jet bombers able to deliver nuclear weapons to any part of the world.

Sen. Knowland (R-Calif.) raised the dispersal issue when top defense officials obtained approval of the Senate Appropriations Committee for a 356 million dollar boost in funds to increase production of B52 jet bombers by 35 per cent.

The funds are included in the huge 32 billion dollar defense appropriation scheduled for Senate consideration and expected passage early next week.

Knowland said that if Congress "doubled or tripled the number of our B52s and they are all caught on the first morning like the fleet was at Honolulu (Pearl Harbor), all the best laid plans of mice and men have gone down the drain."

Twining agreed and Sen. Chavez (D-NM) asked:

"You can deploy them if an emergency should arise?" "That is right," Twining replied.

Two Prelates Tell Pope Of Argentine Problems

VATICAN CITY (AP) — Pope Pius XII heard a first-hand report Friday on troubles of the Roman Catholic Church in Argentina and gave its hierarchy, clergy and people his blessing.

Two prelates expelled by the government of President Juan D. Peron brought the report to the Pope.

The expulsion was followed by quick proclamation of excommunication of all who had part in it, including Peron, and a few hours later by bloody fighting in Buenos Aires.

These sudden events, said the Vatican radio, had "profoundly upset Catholics and friends of liberty and human dignity throughout the world."

The two prelates, Msgr. Manuel Tato, auxiliary bishop of Buenos Aires; and his assistant, Msgr. Ramon Pablo Novoa, were hurried to the pontiff's side for an audience of almost an hour and a half.

After the audience, the prelates

conferred at length with the Vatican's prosecretary of state for extraordinary affairs, Msgr. Domenico Tardini.

Some Vatican sources expressed fear that there might be new outbreaks of violence and bloodshed and that Peron might now take even sterner measures against the church.

Before the audience, Giuseppe Cardinal Siri, ecclesiastical head of Italian Catholic Action, celebrated a Mass for the Catholics of Argentina.

Catholic Action is the spiritually militant spearhead of Catholicism throughout the world. Msgr. Tato was assistant ecclesiastical general of Catholic Action in Argentina.

Blames Attacks On Reds

By FRED L. STROZIER

BUENOS AIRES, Argentina (AP)—President Juan D. Peron Friday night decreed a drastic crackdown on roaming mobs which sacked and burned some of Buenos Aires' finest churches in the bloody Thursday night revolt.

He blamed Communists for the attacks on the churches following the ill-starred revolt in which 360 persons died and nearly 1,000 were wounded.

In a 13-minute broadcast to the nation, the Argentine strong man said peace now prevails.

Peron promised to deal vigorous justice upon those responsible for the rebellion and that the military, under a new state of siege, would repress all kinds of disorders.

The naval mutineers, it appeared, were in Peron's hands or had taken refuge in neighboring Uruguay after bombing and strafing government house, the pink-walled palace housing the presidential offices, and ripping ghastly wounds in the nearby Plaza de Mayo area.

Among the buildings damaged were the United States and British embassies.

Windows were broken and other slight damages caused in the U.S. Embassy by falling bombs. The embassy is in the building of the First National Bank of Boston, a block from the Plaza de Mayo. A bomb that missed Peron's residence in suburban Palermo, shattered all the glass in the British Embassy.

A communications blackout which had prevented correspondents from reporting events directly to the outside world finally was lifted Friday night after nine hours.

The correspondents were required, however, to have their copy censored by officials.

A police cordon fenced off 15 blocks in the center of the city and around the Plaza de Mayo, preventing a first-hand inspection of Thursday's fighting scenes. At intervals the authorities exploded bombs that had failed to go off in the rebel attack.

Peron announced that his intelligence service had given him advance warning of the attack, so that he escaped unharmed.

The government said he had just entered the War Ministry when the first bomb dropped where he had been, across the way in government House, causing extensive damages.

Police announced Thursday night that 156 had been killed, 98 seriously injured and another 750 hospitalized.

Friday the list had increased to 360 dead and nearly 1,000 wounded. The Air Ministry Friday banned air traffic to and from Buenos Aires and its vicinity.

The Chamber of Deputies approved the state of siege which Peron declared Thursday. The Senate also approved.

Senate OK's Austrian Independence Treaty

By D. HAROLD OLIVER
WASHINGTON (AP) — The Senate Friday ratified the treaty restoring independence to Austria by the two-thirds majority required. Voting in opposition were three Republicans — Jenner (Ind.), Malone (Nev.) and McCarthy (Wis.).

The treaty got strong bi-partisan support in several hours of debate, although Sen. Jenner asserted it would "doom" Austria and Sen. O'Mahoney (D-Wyo.) called the negotiations to Russia "robbery" and "appeasement."

The pact, signed by Russia after years of balking, restores sovereignty to Austria for the first time since 1938 when Hitler attached that country to Germany. Austria has already ratified it, but it still must be ratified by Great Britain, France and Russia. The document was signed in Vienna May 15.

During the debate preceding ratification, Sen. Sparkman (D-Ala.), floor manager for the treaty in the absence of Chairman George (D-Ga.) of the Foreign Relations Committee, said the treaty makes Austria "a bastion of freedom extending into eastern Europe."

Sen. Aiken (R-Vt.) termed the status of Austria "a milestone on a road to understanding" among nations, and Sen. Humphrey (D-Minn.) called it a "milestone in American diplomacy."

But Sen. Jenner said the treaty does not restore Austrian sovereignty at all. He contended it refuses Austria full rearmament rights, rules out military alliances, and makes it impossible for Austria to "abolish subversive organizations out to destroy" her.

OUR "BOOK OF THE MONTH"

Selecting best sellers is somewhat out of our line, but if we were recommending a piece of factual literature, brightly written, it would be the new 32 page booklet, "Presenting Jacksonville, Illinois."

The booklet, compiled and published by the Morgan County League of Women Voters, tells the story of Jacksonville in interesting concise style. It begins with Jacksonville's history, tracing it down to the present, with attention to all the assets and services that make this city one of the most desirable in the nation.

The Morgan County League of Women Voters has rendered this city a highly practical public service by summing up and publishing in condensed form a true picture of the community. History, city government, public health and welfare services, education, recreation, and other facts are set forth in this fine presentation. Maps of Jacksonville and Morgan county appear within its covers.

Local citizens read "Presenting Jacksonville, Illinois" with pride, being intimately acquainted with the facts. Those unacquainted with the city's advantages will know them well after reading the booklet, now on sale at a nominal cost.

Hotels, motels, drug stores, and other business places have been provided with copies. The first edition consists of 2,500 copies. It wouldn't surprise us if "Presenting Jacksonville, Illinois" goes into several editions, over a period of years.

How to Reassure First Child Over Attention to New Baby

By MRS. MURIEL LAWRENCE

Jane's confusion began as soon as her baby sister got home from the hospital.

For this highly publicized creature was impressively not much. She had no hair. Undressed she was too red. Her clothes were always having to be washed. She couldn't even wave her legs with conviction. Yet Mommy, that Being of Infinite Wisdom, found this disappointing addition to the family fascinating.

Jane struggled with this enigma for weeks. Then one day at lunchtime, she solved it.

She'd just got Mommy to sing the Brown Rabbit song in exchange for finishing her appleauce. For five minutes, life recovered its former sanity. Then it collapsed again. For just as the song reached the part about the daisy, baby sister wailed. Mommy stopped singing. Without a word, she took herself away from Jane—and ran upstairs.

Alone in the kitchen, Jane felt these things: "I cannot blame Mommy for preferring this red sister to me. Mommy always knows what she's doing. She is good, never bad. But I can be bad. It must be that at some time I have done something very bad I can't remember—and Mommy does."

With this conviction of mysterious sin, Jane got scared. She began to beg Mommy for absolution. Unfortunately, she begged for it, not with words, but with over-demanding behavior Mommy could not translate.

As a new brother or sister, we are very apt to convict ourselves of unidentified sin to explain reduced attention.

Our readiness to accept irrational guilt is not odd.

As babies ourselves, we've grown up in a place where our innocent impulses are always turning out to be wrong, even things as simple as picking up a discarded candy wrapping.

After a while, we're not sure we have any innocent impulses. When the new baby forces Mommy to reduce her attention to us, we begin to worry. And like Jane, we explain her interest in the unattractive newcomer by convicting ourselves of some shocking "badness" we didn't know was "bad."

The answer is help with putting the worry into words. We want the forgiveness of the truth. We want to specifically know that Mommy attends to baby sister because she is weak, not because we are bad.

We want to be held close and Mommy to say, "You are good. Your goodness never changes because your actions come out wrong sometimes. It's just like your bureau over there across the room. Though we've turned out the light, we both know it's there even if our eyes can't see it. Though we can't see your goodness sometimes, we always know it's there sure as your bureau is across this room."

The World Today

By JAMES MARLOW

WASHINGTON (AP)—Ford and General Motors didn't sign their lives away. Their agreement to pay laid-off workers has built-in protections. Roadblocks must be overcome. And there is not a true guaranteed wage at all.

The roadblocks:

1. The plan dies unless the federal government lets the companies treat as deductible expenses on their income taxes the contributions they put into their funds for laid-off workers.

2. The plan dies unless states containing two thirds of Ford and GM workers say they can, if laid off, collect both the pay from the companies and the full unemployment insurance given by the states. The deadline for approval is June 1, 1957.

Most, if not all, states have rules or laws, varying from state to state, against giving an unemployed worker any state insurance, or in some cases full state insurance, if he is collecting payments from his old company.

Ford has 140,000 workers scattered over more than 25 states. GM has 350,000 workers in even more states.

The companies will set aside in trust funds 5 cents on each hour's work done by their employees until, in the case of Ford, the fund reaches 55 million dollars, and, in the case of GM, 150 million dollars.

In case of layoffs, they'll pay their unemployed workers out of moneys by 20 per cent if the funds drop to 13 per cent of the maximum level and stopping payments altogether if the funds drop to 4 per cent.

A true guaranteed wage plan assures workers either steady employment or approximately full pay for as much as a year if they lose their jobs. The Ford and GM plans do neither.

Company officials have described their agreement as a supplemental pay plan.

They'll give their workers between \$2 and \$25 for a maximum of 26 weeks. How much each worker gets from them depends on how much he earned on the job, how long he worked at it and what state he lives in.

All states pay unemployment insurance but they vary in amount and duration. Some give the insurance for 16 weeks; none gives it for more than 26. The companies agree to pay their unemployed people for no more than 26 weeks. They state their case this way:

Their unemployment pay, added to the state unemployment insurance a worker gets, could give him up to 60 to 65 per cent of his take-home pay when he was working.

SO THEY SAY

People of the world have a right to hope for, and expect, real progress towards peace from this (proposed Big Four) conference. If it fails, the responsibility will rest squarely on the Communist leaders.

—Vice President Nixon.

We thought it (\$50,000 worth of jewelry) must be around the house somewhere.

—Hedy Lamarr explains two-day delay in reporting jewel theft.

I wonder if we have yet spelled out clearly to the world that we know mankind has crossed a great divide, that compared with the state of survival, every other interest is minor and every other preoccupation petty.

—Adlai Stevenson.

No person not in the five to nine age group should be vaccinated (with Salk polio vaccine) until the children of those age groups have received two vaccinations.

Here Are Some Useful Tips For Athlete's Foot Victims

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

With the arrival of warm weather and the increasing use of locker rooms, swimming pools and other athletic facilities used by great numbers of people—ringworm increases by leaps and bounds.

This is a disorder of the skin which is also known as athlete's foot, but its best medical name is dermatophytosis. The various fungi (which are a variety of plant life responsible for dermatophytosis) grow best under conditions of moisture (hence their increase frequency in the summer months) and are spread from person to person from moist floors, towels, socks, and the like.

The feet, between the toes, the hands, the groin, and the scalp, are favorite locations for this condition. DERMATOPHYTOSIS may take various forms, such as blistering, scaling, cracking, lumps or callous-like lesions of the skin. Itching is frequent.

Many persons have only mild symptoms which they do not recognize, and allow to go on for a long time without treatment.

The Council on Pharmacy and Chemistry of the American Medical Association has made some recommendations on dermatophytosis which include the following: The feet should be kept clean and dry with special attention to places between the toes, the shoes and socks should be aired when not in use.

What shoes are selected should be chosen with a view to making them as light and well-aired as compatible with working conditions.

A DUSTING POWDER consisting of 10 per cent boric acid in powdered talcum should be put on the feet, in between the toes every night and morning.

The council suggested the following policy as to treatment: "Only the mild lesions that occur between the toes should be treated by the patient himself; that is, where the lesions exhibit only redness and perhaps mild redness and fissuring. Considerable redness, moisture, pustule formation or pain call for the attention of the physician and the physician only. The patient must err on the safe side."

NOTHING IS COMPLETELY safe as a local application except the boric acid foot powder mentioned.

Maine Cherry Parfait Right for Father's Day

BY GAYNOR MADDOX

NEA Food and Markets Editor

Maine has its fine cooks. One of them is Mrs. Clifford G. McIntire, wife of Congressman McIntire of Maine. Her curried cabbage and cherry parfait are two proofs that a public minded woman can also be interested in family recipes.

Mrs. McIntire is helping to fight juvenile delinquency. She works through her church and with the schools trying to improve conditions in her state. Nevertheless, her Sunday dinners are famous for bounty and originality.

Curried Cabbage (Yield: 6 servings)

Three tablespoons butter or margarine, 1 clove garlic, sliced; 1 pound head cabbage, shredded; 1 teaspoon salt, 1 teaspoon ground black pepper, 1 teaspoon curry powder, 2 cups diced fresh tomatoes (optional). Melt butter or margarine in a

large saucepan. Add garlic and brown. Stir in remaining ingredients. Cover. Cook over medium heat until crisp-tender.

Cherry Parfait (Yield: 5 servings)

Two egg whites, 1 cup sugar, 1 cup heavy cream, whipped; 11 cups fresh sweet cherries, 5 whole fresh cherries for garnish.

Beat egg whites until they stand in soft peaks. Gradually beat in sugar. Fold in whipped cream. Arrange alternate layers of cream mixture and crushed sweet cherries in parfait glasses. Chill. Top each with a whole fresh cherry just before serving.

FATHER'S DAY DINNER: Fresh tomato and shrimp cocktail, roast spring leg of lamb, curried cabbage, mashed potatoes with parsley, green salad with lime-mint dressing, cherry parfait, coffee, tea, milk.

50 YEARS AGO

Simon Van Winkle, 65, died at his home in Franklin.

An old newspaper dated 1883 showed that the General Store at Naples was selling corn for 12 cents a bushel; flour for \$5.00 a barrel; whiskey at 26 cents a gallon; jug for same 8 cents; dried apples \$2 a bushel; bandanna handkerchiefs \$1.00; fresh pork 21 cents a pound.

Farmers were busy plowing corn and cutting first clover crop and there was a small crowd in Jacksonville business district as the result.

The temperature rose to 90 degrees in Jacksonville.

In Hollywood

HOLLYWOOD (AP)—The movie writing career of William Faulkner was disclosed today in a rare interview with the Nobel and Pulitzer prize winner.

Writing for the movies is a little known aspect of the career of the noted author, yet he has been working off and on in the Hollywood mills for more than 25 years. He talked about this and other matters via telephone from Memphis, Tenn., where he was attending a preview of "Land of the Pharaohs." He was one of the writers of the screen play.

Speaking in soft, southern-shaded tones, Faulkner said he enjoyed writing films for his longtime friend, producer-director Howard Hawks. Besides "Pharaohs," he has helped Hawks on the scripts of a couple of early Bogart-Bacall items, "To Have and Have Not" and "The Big Sleep."

"We first met when I was out here in 1930 at MGM," Faulkner said. "I was working for Irving Thalberg on a short story of mine, 'Turnabout.' It was released as 'Today We Live' with Gary Cooper, Joan Crawford and Franchot Tone."

"I like working for Hawks. Writing for pictures is not exactly my racket, but I get along with him. We usually go over a scene and he says, 'This is the way to get the meat out of a scene.' Then I go and write it."

"When I show it to him, we might argue a bit until we get it right. No, I don't work with any other writers. Hawks will combine the efforts of myself and others to get what he wants."

About screen writing: "It's not exactly what I framed for myself. I know my limitations. I hope to do some more screen writing. I get a lot of satisfaction from it."

Club Lapel Pins Blossom

As Boom for Ike's Campaign

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—A campaign to finance and force President Dwight D. Eisenhower to run for a second term of office has already been started among his White House staff.

This has been done somewhat on the q. t. Also, it was done without the President's knowledge or consent.

The news leaked out in Washington last week as a few members of the palace guard began to appear in public with little plastic pins in their coat lapel buttonholes reading "CLUB." The bottom, horizontal line of the capital L extended below the smaller letters up.

The first one was noticed gleaming on the dark blue suit of Gov. Harold Stassen, foreign operations administrator who soon becomes the unofficial Cabinet "Secretary of Peace."

ANOTHER PIN WAS WORN by Homer H. Gruenther, assistant to the Assistant to the President, Gov. Sherman Adams, and a brother of NATO Commander in Chief Alfred M. Gruenther.

The civilian Gruenther was a little shy in explaining what the CLUB pin was all about. He kissed it off with the comment, "Oh, it's just a little club that we have."

From Maj. Gen. Wilton B. Persons, deputy assistant to the President, came the first explanation. General Persons wasn't wearing his pin, explaining it was home on his other suit. But he belonged, he said, and so did most of the other members of the White House staff.

The correct, full name of the CLUB, he explained, is "The 150 CLUB." Now this is neat, but it's also tricky, so follow closely.

"C" is the Roman numeral for 100, as every fourth grader should know. "L" is the Roman numeral for 50. "CL" is 150. Get it?

All right. Each cell, or CLUB unit, is supposed to have 150 members. Every member of the CLUB—and here is the gimmick—is supposed to go out and start a unit of his own with another 150 members.

NOBODY KNOWS just how this thing started. Someone whose letter has now been conveniently lost—presumably the button manufacturer—sent in a flock of the CLUB emblems and asked for a White House blessing. The original plan was to get \$150 from each member. Nobody took that seriously.

The buttons finally ended up in the hands of one of the Filipino mess attendants at the White House. He started peddling them for \$1.50 and sold out.

The arithmetic of this thing is terrific. The pins cost a cent apiece, so the profit on the first CLUB of 150 members would be \$224.50. One thousand CLUBs would make \$224,500. It would all supposedly be turned in to the Republican Finance Committee to help renominate Eisenhower.

But GOP headquarters say they never heard of the CLUB and to date they have received no money.

General Persons, asked if Ike knew about this, said: "He probably doesn't. If he did, he'd give somebody hell."

This CLUB idea is reminiscent of other trick schemes which have been thought up to finance political activities.

There was, for instance, President Franklin D. Roosevelt's "One Thousand Club" for the 1944 campaign. A thousand members were supposed to give \$1,000 apiece to raise one million dollars.

This goal was way too high. Only 291 members were ever signed up and some of them didn't give the full \$1,000.

IN THE 1948 CAMPAIGN Beardsley Ruml, father of the pay-as-you-go income tax collection scheme and treasurer of the Democratic National Committee, dreamed up a political financing plan at a lower level.

He proposed that ordinary voters buy memberships in the party of their choice at \$5 a head. He put it on the basis of being a civic duty to clean up campaign contributions.

If half of the 60 million voters paid up, there would be 150 million dollars to divide between the two major parties. Conservatively, Ruml hoped he could get 400,000 Democrats to give \$5 apiece, to raise two million dollars. But he never reached that goal.

The CIO Political Action Committee and the AFL Labor's League for Political Education have for some years worked on their 15 million or more members to give a dollar apiece to finance their campaigns.

Te best they were ever able to do—in 1950—was to raise a little over one million dollars each. But they're still trying.

Maybe the Eisenhower CLUB idea will catch on and do better.

Widowed Mother Happier When She Lives Own Life

They are about the same age and they lost their husbands about the same time.

When Mrs. M.'s husband died her married children stepped in and decided she mustn't live alone. So she went to live with a married daughter and her family.

All of the children felt relieved at this decision, for they knew that "mother was being taken care of."

When Mrs. B.'s husband died her children asked her what she wanted to do. She said she wanted to sell the big old house and get a small home that would be easier for her to take care of. The children didn't try to talk her out of her decision, though they knew they would worry about her living alone.

Mrs. M. and Mrs. B. are acquaintances. Who do you think envies whom, the older woman who lives with her daughter or the older woman who lives alone?

The answer may surprise more children than widowed parents. It is the protected Mrs. M. who envies Mrs. B. who lives alone.

NOW SHE'S JUST "JANE'S MOTHER"

The reason for the envy is obvious. After five years of living with a married daughter and her family, Mrs. M. has few friends her own age. She didn't have to make friends for she could always share in the life of the household and so she didn't make the effort.

Having run a home all of her life, she feels she has to keep busy. But sometimes she senses that her daughter would really prefer to run her own house in her own way.

She has lost a lot of her enthusiasm for living in the years that she has become just Jane's mother to all who meet her.

But Mrs. B. is having a fine time living her own life, entertaining friends in her own home. She's a person instead of just somebody's mother.

Both sets of children wanted to do what was right for their mothers. Only one set of children realized that only their mother knew what was best for her to do with her life.

Frank L. Robinson Dies At Quincy; Services Here

Frank L. Robinson of Jacksonville died Friday morning at the Soldiers and Sailors Home at Quincy.

He was born in Morgan county, the son of the late John R. and Mary Robinson who for many years resided southeast of Jacksonville.

Mr. Robinson who followed the occupation of traveling salesman was a veteran of World War One and was commissioned a lieutenant in the army.

He was united in marriage with Helen Montgomery on January 19, 1929, who preceded him in death February 19 of this year.

Mr. Robinson is survived by three brothers, George W. Robinson and J. Donald Robinson, both of this city and Thomas E. Robinson of Tulsa, Okla. There are several nieces and nephews.

Funeral services will be held Monday morning at 8:30 o'clock at the Church of Our Saviour and burial will be in Calvary cemetery.

The body is at the Reavy Funeral Home where the family will meet friends Saturday night from 7 to 9 o'clock, and Sunday afternoon from 3:30 to 5 p.m., and Sunday evening from 7 to 9 p.m.

Mrs. Sarah Jones Of Carrollton Dies Thursday

CARROLLTON—Mrs. Sarah Hutchinson Jones, 63, wife of Theodore Jones, died at the Boyd Memorial hospital at 4 p.m. Thursday where she had been a patient for 19 days.

She was born in Collinsville in August 1891 the daughter of the late Enoch and Nancy Hutchinson. She was married in 1905 and they lived in Collinsville and Carrollton.

Mrs. Jones is survived by her husband, one son, Henry Jones of Carrollton, one daughter, Mrs. Isabelle Graves of Chicago, two brothers, Harry Hutchinson of Carrollton and Roger Hutchinson of Danville, one sister, Mrs. Josephine Stewart of East St. Louis, and three grandchildren.

She was a very active member of the local Lutheran church and the Lutheran Ladies Aid.

Funeral services will be held Monday afternoon at 2 p.m., at the Carrollton Lutheran church with Rev. H. J. Peckman officiating. Burial will be in City cemetery.

Friends may call at the Simpson Funeral Home after 1 p.m. Saturday.

First Saturday Night Concert At Carrollton

CARROLLTON—The first Saturday night band concert of the summer season will be presented Saturday, June 18, at 8 p.m. on the Court House lawn by the members of the Carrollton Community Unit School Band directed by Miss Val Berry of the school faculty. Some of the numbers to be played in addition to the familiar strains of Sousa's Liberty Bell March and others, will be "Tenderly," "Velvet Glove," "The Man I Love" and "Blue Room."

It is hoped that the entire community will be present at this first of a series of Saturday night band concerts.

Saturday evening, June 25, the members of the local band will go to Bunker Hill where they will join the Bunker Hill band in a concert there. Last year the Bunker Hill band played here with the local band and the trip on June 25 is a return of that courtesy.

Trovillo Serves On Committee For Convention

Paul Trovillo, director of public relation of MacMurray College, is serving as member of the arrangements committee for the American College Public Relations association convention to be held in Chicago June 29-July 2.

More than 800 public relations administrators from nearly all of the nation's colleges and universities will attend the four day meeting at the Drake hotel.

There will be four general sessions and 34 special-interest panels devoted to the discussion of current public relations problems.

Waverly Woman Makes Bequests

The will of Mrs. Anna H. Mitchell, of Waverly, which was filed for probate in the office of Probate Clerk James W. Dunbar, of Sangamon county, disposed of an estate valued at \$36,000. Under terms of the will, \$100 was willed to the East Cemetery Association of Waverly, and \$500 to Mrs. Maude Bever, of Naarka, Kas.

The residual estate is to be divided equally among two daughters, Mrs. Ula Bever and Stella Mitchell, both of Waverly, and three sons, Roy E. Mitchell of New Berlin, Fred J. Mitchell and Merrill R. Mitchell, of Waverly, with one share to be given to Stella Mitchell to keep for a grandson, Robert Junior Mitchell, of Jacksonville, until he reaches the age of 25, when the share is to be turned over to him.

By watching their teacher's lips and cheeks, Rolly Kolbye, 5, center, and Dianne Barnett, 8, right, can understand what she is reading. Mary Ann Swearingin is the teacher. Of six instructors in the school, all have deaf members in their families. It gives them the necessary patience and incentive.

Lakes Shippers Oppose More Sanitation Water

WASHINGTON (AP)—Chicagoans seeking more Lake Michigan water for sanitation encountered the usual opposition Friday from Great Lakes shipping interests.

The conflict occurred before a House Public Works subcommittee which is considering legislation backed by all Chicago area Congress members.

The bill would allow the diversion of an additional 1,000 cubic feet of lake water a second, on an annual average, into the Illinois Waterway during a three-year test period. Chicago now is permitted to divert 1,500 cubic feet a second.

Army Engineers would study the effect of the increased diversion on the lake and waterway and make recommendations by Jan. 31, 1959, as to a permanent diversion rate.

Anthony A. Oils, president of the Chicago Sanitary District, said Chicago sewage treatment plants discharge into the canal an effluent which, though chemically pure, lacks oxygen and thus results in contamination. Fresh lake water is needed to cleanse the stream, he said.

Tells Judge He's Married Niece; Gets Year In Jail

LOS ANGELES (AP)—Harold J. Rauch, a paving engineer, married Elizabeth Cook Mullendore last Feb. 6. She is the niece of Municipal Judge F. B. Mullendore.

Shortly before this marriage Mullendore has placed Rauch on probation on a child support complaint made by Rauch's third wife, who had won an annulment.

Rauch went back for a social call on Judge Mullendore to inform him that he had married into the family. The judge promptly started an investigation and learned that Rauch had acquired a spare wife along the way, one Ruby McGowan Rauch.

Thursday Rauch was sentenced to a year in jail on a bigamy charge and Judge Mullendore's niece and Ruby too indicated they would seek annulments.

Awarded \$16,000 Against Estate Of Accident Victim

IOWA CITY, Iowa (AP)—Three members of a Moline, Ill., family Thursday were awarded a total of \$16,000 damages against the estate of a man killed in an auto accident in which they were injured.

Mr. and Mrs. Ralph L. Pilger, and their son, Ralph Jr., had filed suit in district court here against the estate of Sam Fagin, 71, Rock Island, Ill., as a result of the accident east of here on Highway 6 Jan. 15, 1954.

Fagin and a passenger in his car, Mrs. Tessie Schwartz, 67, of Rock Island, were killed in the crash.

Pilger was awarded \$4,000 damages, his wife \$11,000 and his son \$1,000.

Suicide Victim Leaves \$3 Million

CHICAGO (AP)—An inheritance tax appraisal Thursday indicated that Mrs. Mildred Hammond, who plunged to her death from a third floor window of her Chicago home, left an estate of nearly three million dollars.

Mrs. Hammond left three-fourths of the \$2,991,760 estate to her husband, Laurens, president of the Hammond Organ Co. Her will filed March 5, 1954, left one-fourth in an income trust for her sister, Miss Gretchen Anton-Smith of Moylan, Pa.

Mrs. Hammond, 54, died Feb. 19, 1954. A coroner's jury found that she jumped from the window as a result of anxiety over her health.

BEES AND PARKING TICKS

LONG BRANCH, N. J. (AP)—Thousands of bees swarmed over Mrs. George Richter's car, parked on Broadway Thursday. Nobody knew where they came from. Traffic jammed. Crowds gathered. Mrs. Richter, afraid to move the car, got a summons for overtime parking. Finally, her impatience conquering her fear, she drove away. What happened to the bees? "They just flew off," she said.

Amvet Auxiliary Delegates Leave For Kankakee

Amvet Auxiliary, Post 100, met in the club rooms, with President Eleanor Anderson in charge. In the absence of Midge Roberts, chaplain, the opening and closing prayer was given by Marie Hart.

Irene Hoffman gave a report of the meeting held at the Jacksonville State Hospital the previous evening, and stated that the patients seemed to enjoy it very much and were looking forward to the next one.

Eleanor Anderson, Irene Sanders, Jo Vasconcellos, Estalee Beales and Maxine Rahe are attending the district meeting held in Kankakee starting Friday, June 17.

After the business meeting the Auxiliary joined the Amvets in a social hour, with Clarence and Hazel Siegfried and Bob and Betty Taylor serving delicious refreshments.

'Sunday Neurosis' Problem May Grow

LOS ANGELES (AP)—Do you feel guilty when you don't have enough work to do?

Perhaps it's "Sunday afternoon neurosis."

With the increase of automation, it's apt to become a weekend problem, Dr. Gilbert Brighthouse, Occidental College psychologist, says.

Sunday afternoon neurosis, the doctor told the American Society of Training Directors, is nervous illness "in which the victim doesn't know what to do with himself and feels guilty because he isn't working."

Dr. Brighthouse suggests acquiring new skills and indulging in adult education.

Pupils Insert Ad Thanking Teacher; Get Service Free

CINCINNATI (AP)—Fourth-grader George Biedenbach, 10, telephoned the Cincinnati Enquirer Thursday to insert an advertisement thanking his school teacher Mrs. Lucille S. Webb. Three schoolmates joined in the tribute.

"We don't know how to express our feelings and thanks," George's proposed advertisement read. "We can never repay what you have given this year. Thank you so much."

George told the ad taker—a reporter—that the teacher "learned us our arithmetic and our spelling, brought our reading up terrifically and brought our arithmetic up tremendously."

The feelings of the four schoolmates were expressed free of charge as a news story in the Enquirer.

Incidentally, report cards are due today.

DADDY CAN FIX ANYTHING

The tremendous faith of a child in his father!

To the conscientious father it is frightening, indeed. And, to the conscientious mother, equally frightening is her child's trust in her.

It takes something more than love and good intentions to live up to the expectations of our children. We need a strength and wisdom and tenderness that do not come automatically with the responsibility of parenthood.

God provides, and the Church instills in our lives, the spiritual gifts which our parenthood requires. We were meant to cultivate these qualities, for with every challenge God offers us adequate resources.

And our children will grow as we grow in the Christian faith, for the most obvious truth in the world is that a child wants to be like his Mother and Dad.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Solved - Carpet Cleaning Problem

Science finally has the answer to carpet cleaning. Blue Lustre, a new development, is mixed with water and brushed into carpet or upholstery. It's amazing the way forgotten colors spring out. The nap is left open and lofty. It's easy to apply.

One-half gallon of Blue Lustre cleans three 9x12 rugs.

MAKE IT A DATE!

Come to the big Birthday Celebration at the CRAWFORD LUMBER COMPANY on Friday, June 17th and Saturday, June 18th. There will be gifts for everyone who attends . . . fun and things of interest for homemakers and farmers . . . even special rides for the kiddies.

WE'LL BE LOOKING FOR YOU!

BIG LOCAL BARLEY CROP Makes Profit Opportunity for Hogmen

Many plan to sell barley for more through hogs

The big harvest of barley in this community can be turned into a big profitable harvest of hogs within the next few months. We say that because barley makes fine hog feed when supplemented the right way.

So if you have hogs and barley, don't turn down the chance to cash in on this new feeding opportunity. We think you'll be surprised at the good fattening job barley and Purina Hog Chow can do.

WHAT YOU CAN EXPECT FROM BARLEY and PURINA

Fed the Purina Way, your hogs should make 100 pounds of pork on only 320 pounds of barley and 45 pounds of Purina Hog Chow. (320 pounds of whole grain barley is 6 2/3 bushels).

So, with barley at around a dollar a bushel and Hog Chow at our regular price, you can see for yourself these rations make 100 pounds of pork for a little money.

Put this low-cost porkmaker team to work today!

WE'RE READY TO HELP YOU

Any time you have a feeding problem, we're glad to help you. The recommendations we make are based on years and years of experimental feeding at Purina's Gray Summit Research Farm, and on our own experience in this community. We're especially happy to be able to help you hogmen make the most of this barley opportunity.

HOW TO FEED BARLEY TO HOGS

Barley is as easy to handle and feed as shelled corn. Like shelled corn, it needs only to be supplemented with Purina. You can feed barley either of two ways: Free Choice With Purina—Keep one compartment of each self-feeder filled with rolled, crimped, or coarse-ground barley, the other with Purina Sow & Pig Chow until shoats reach 100 lbs. Then go to Purina Hog Chow. Your hogs will balance their own ration—eat just enough of the supplement to balance the grain.

LOST 20 LBS. WITH RENNEL RECIPE

CHICAGO, ILL. "As I am past 50 my Dr. refused to permit me to take drugs to help me lose weight. I found my appearance was not only becoming embarrassing but my blood pressure had risen to the point that reducing was a must. My Dr. had no objections to my trying Rennel Concentrate and he was amazed at the results from just a few bottles. I have lost 20 lbs. without the need for strenuous diets while following the Rennel home recipe. Rennel has really helped me." So writes Mrs. Freda Teiman of 1841 N. Humboldt Blvd. Your neighbors recommend inexpensive Rennel. Results guaranteed.

Interpreting The News

By J. M. ROBERTS

Associated Press News Analyst

Students of Latin American affairs have been wondering for years just when Argentina would "blow."

First they thought it would come when Dictator Peron revolutionized the country's economy, clamping down on the wealthy cattle breeders, planters, business men and industrialists.

He has always made his pitch to labor, taking advantage of discontent over low wages, which he ordered raised, and of anticlericalism among the workers.

But, with the aid of his late wife Eva, who created numerous government-financed foundations and the like to aid the working class, he beat off the counterattack of what he called the oligarchy. The clincher came when he proclaimed a government monopoly of exports. Under this plan, he fixed prices for the nation's products lower than those of world markets and the government pocketed the difference.

He lost the great appeal Eva had for the public through her death, and predictions that he wouldn't last long after that were rife.

His opponents were encouraged to attempt the organization of a new political party, closely kin to the heavily Catholic Christian-Democratic parties of Europe, but with distinct Socialist tinges.

The dispute with the church itself, resulting in deportation of its chief prelates from Buenos Aires, in Peron's excommunication from the church, and the military revolt which began Thursday, apparently grew out of Peron's rage at the attempt to form the new party, although no formal connection between it and the church itself has been established.

First reports of the upheaval were too vague to give any insight on the actual forces at work.

The keystone is the army which apparently remains loyal to Peron.

MERRY MAIDS OF MURRAYVILLE MEET AT SCHOOL HOUSE

The Murrayville Merry Maids 4-H club met recently at the school. The president, Karen Strang, conducted the meeting. Music was led by Karen Mutch and roll call answered by 15.

Talks were given by Connie Evans and Linda Walker. The program committee, Connie Evans, Darlene Wilson, Katie Lou Million and Kay Snodgrass, discussed future program. The next meeting will be a hamburger fry at the Murrayville park. Refreshments were served by Mrs. Clifford Walker and Mrs. Spencer Wagstaff.

BARBERING BOBBY-SOXER—It was sheer ambition—and environment—that drove pretty Joan Matteo into the barbering business. The 19-year-old cutup of Rochester, Pa., learned the tonsorial trade from her father on weekends and evenings, when she wasn't working as a secretary. Trimming heads was a natural for Joan, whose father, a barber, mother is a beautician. They operate both businesses at home. So Joan is right at home helping her father. She's shown above trimming Billy Nelson of Zelenople, Pa. **EXCLUSIVE NEA PHOTO.**

Sunbeam Class At Chapin Meets With President

The Sunbeam class of the Chapin Christian church met recently at the home of the president, Barbara White, with Ruth Six as assistant hostess. The meeting opened with a song followed by prayer by Ruth Callaway. Roll call was answered by telling funny sayings of children. During the business meeting it was voted to pay the balance of \$20 due on the church pledge. The class also voted to hold a food sale on Saturday, June 18, at 10:30, at the American Legion Home. Two contests were conducted by the hostesses and refreshments were served. Members present were Ruth Callaway, Cordelia Hymes, Irene Baker, Mar-delle Rigor, Alma Obert, Minnie Wilder, Ann Hymes, Barbara White, Ruth Six, Royle Griffin. Guests were Phyllis Wilder, Tommy Griffin, James, Judith, and John Six, and Mr. and Mrs. Earl White.

Receives Honors At Meeting Of Technologists

Mrs. Alleen Burge Wright, a bacteriologist at the Jacksonville State hospital, was awarded honorable mention in a division of a photo contest sponsored by the American Society of Medical Technologists, holding its annual meeting at the Jung hotel in New Orleans.

Mrs. Wright, who has been attending the convention, received her honor for kodachrome transparencies. Prize winning photos all emphasized the theme of the American Society of Medical Technologists, "Educated Minds and Trained Hands Ready to Serve Humanity."

Winning photos in the contest will be made available by the society to libraries, medical and hospital groups and supply manufacturers for editorial and institutional advertising illustrations.

Who's Family Boss? Wrong Answer Can Cost You Money

MEMPHIS, Tenn. (P) — Who's
head of your house? The husband—
or the wife? Think it over. The
answer may cost you money.

Consider: Mr. and Mrs. Irving
Bogatin decided to fly to Philadel-
phia last week under the "family
lan," used by airlines under gov-
ernment regulations.

The plan allows husband and
wife to travel on a fare and a
alf, instead of two fares—under
ertain conditions.

They must begin the trip togeth-
er on a Monday, Tuesday or a
Wednesday. Holder of the half fare
must return on a Monday, Tues-
day or Wednesday. Full fare can
return any day.

Bogatin wanted to come home
on a Wednesday. His wife had to
stay over until Saturday. Could he
ride the half-fare ticket, leaving
full fare for his wife?

Why, no, said the young lady
at the American Airlines ticket of-
fice. The head of the house was
he one who traveled full fare.

Since arriving back in town,
Bogatin, a lawyer, has been glee-
fully citing this as an example
that, even in this modern age,
man's superiority and domestic au-
thority is conceded. Turns out, it's
not that simple.

"Way I understand the regula-
tions," said Pres Oliver, district
sales manager, "either the hus-
band or the wife can travel on
half fare—depending on who they
agree is head of the family. If
they come to us and represent
that the wife is the head, she gets
the full fare and can return when
she pleases. That's government
regulations. WE aren't going to
decide who's boss."

What would Bogatin have done
had he known then what he knows
today?

"I would not have yielded my
status as head of the family even
for the sake of convenience," he
boomed fearlessly.

He can afford to talk big. Mrs.
Bogatin, traveling on her half fare,
won't get home until next Monday.

Almost one half of the U. S.
supply of electricity is generated
from coal.

AN INDUSTRY SOLVES A PROBLEM

On cradle, container is lifted and filled under pressure.

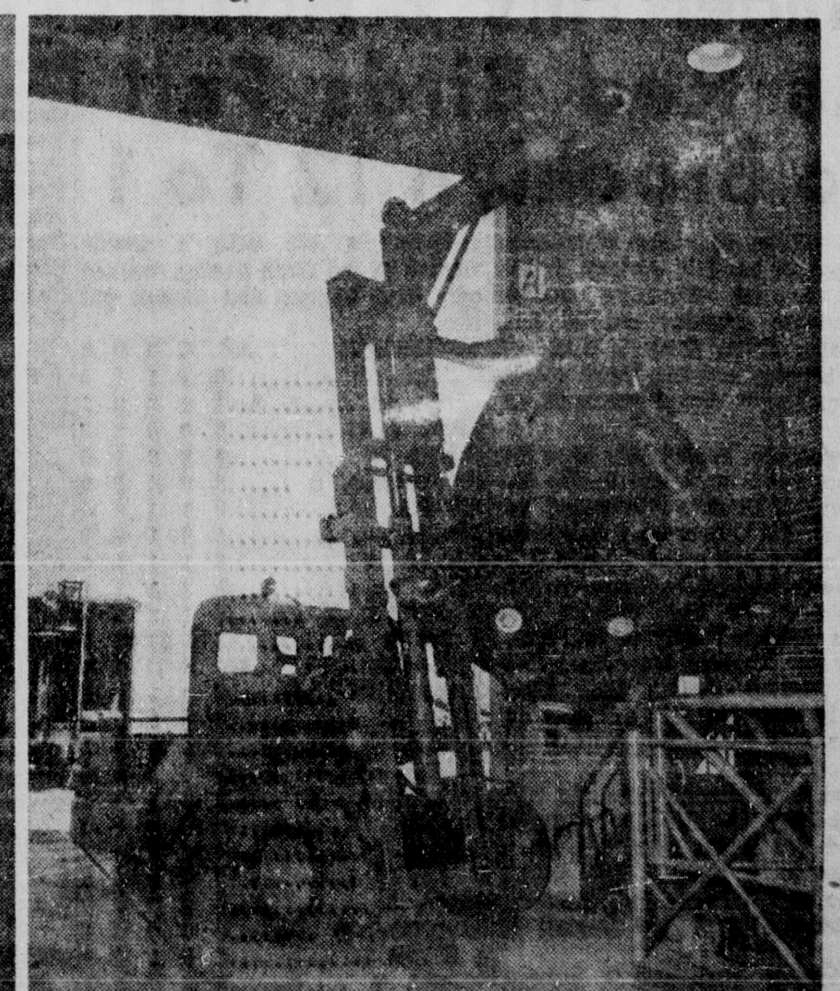

A filling spout in a special valve closes off the container.

LIKE MANY OTHER FIRMS, the Bakelite company of New York was faced with a problem—cut handling costs. Here's the way they did it. Instead of using conventional paper bags to transport resins between plants in South Charleston, W. Va., and Ottawa, Ill., they built some huge, collapsible containers that held lots of 9,400 pounds. The reusable containers are built like four-ply

auto tires to resist puncture, moisture and sunlight. Lift trucks pick up empty containers and take them to unit that inflates, washes and dries them. A mono-rail system moves them to a cradle that fills them under pressure. Lift trucks carry containers to storage. Containers are equal to 190 paper bags in bulk. This is another example of American ingenuity at work in solving a problem.

In unloading, similar valve opens to pour out the resins.

When empty, the container is collapsed, folded, stored.

Oregon State Star Shatters Record In NCAA Track

LOS ANGELES (AP) — Gerry Church of Oregon State set a new NCAA javelin record Friday with a throw of 232 feet 6 inches in the preliminaries for the 34th annual collegiate championships.

Church was one of three to surpass the old mark of 228-8 3/4, set by George Roseme of California in 1952. The other two were Charley Higgins of Brigham Young, 232-5, and Phil Conley, Caltech, 231-7. All will have three more tosses in Saturday's finals but Friday's windfall if those in the finals aren't better. The world record is 263-10 by Bud Held and he has a better one pending approval.

Northwestern's Jim Golliday tied the Los Angeles Coliseum record of 9.5 seconds in winning his 100-yard dash heat. He also had the fastest 220 preliminary time, 20.9.

Golliday, who earlier this year tied the world record of 9.3 seconds, beat out Dick Blair of Kansas in the fastest of the three heat races. The others were won by Will Watson of Florida in 9.7 and Harry Nash of Minnesota in 9.6.

Eliminations were scheduled in all but four of the 14 events, the exceptions being the mile, two-mile, high jump and pole vault in which the only competition will be held Saturday afternoon.

A surprise preliminary victim was Pittsburgh's Arnie Sowell who finished fourth in the first heat of the 880 in which only three qualified for the finals. Lowell Jensen of Kansas won the heat in the comparatively slow time of 1:52.5. Sowell has a best time of 1:49.1 this season.

The host school, the University of Southern California, remained favored to take its seventh straight title.

California Resort Site Of Winter Olympics In 1960

PARIS (AP) — The International Olympic Committee Friday tapped Squaw Valley, Calif., a young resort which never has been the scene of a major competition, to stage the 1960 winter Olympics.

The Squaw Valley bid barely nosed out Innsbruck, Austria, in the final vote, 32 to 30.

Selection of the California site represents the first time the winter games have been moved out of Europe in 28 years.

Squaw Valley is an unincorporated village in the Sierra Nevada near the California-Nevada state line.

First president of the United States to be inaugurated at Washington, D. C., was Thomas Jefferson.

Snider Hits 2 Homers As Red Birds Fall To Brooklyn 12 To 1

ST. LOUIS (AP) — Don Newcombe breezed to his 11th victory Friday night as his Brooklyn Dodgers teammates pounded out 16 hits, including Duke Snider's 21st and 22nd homers and Big Newk's fifth, to drub the St. Louis Cardinals, 12-1.

Newcombe, beaten only once this season, gave up a run in the second on Key Boyer's 10th homer, but held St. Louis scoreless thereafter as the Dodgers mauled loser Gordon Jones and replacements Brooks Lawrence and Mel Wright. The Cards collected only seven hits.

For the Dodgers, breaking a two-game losing streak, Roy Campanella delivered four singles, but Snider and Newcombe swung the heaviest bats.

Newcombe's homer left him only one behind the National League record for home runs hit by a pitcher in a season. The major league high of nine was credited to Cleveland's Wesley Ferrell in 1931.

Following Newcombe's homer, Junior Gilliam singled and Snider delivered his first four-base blow of the game, driving Jones to cover with his third defeat against one victory.

Newcombe, boosting his batting

Lopata's HomeRun In 9th Beats Cubs 3-2; Rush Loser

CHICAGO (AP) — Stan Lopata's homer on a 3-2 pitch with two out in the ninth gave the Philadelphia Phils a 3-2 victory over the second-place Chicago Cubs Friday.

The loser was big Bob Rush, who suffered his 14th straight defeat from the Phils. Rush last defeated the Phils June 5, 1951.

Winner Curt Simmons scattered eight hits, including Gene Baker's bases-empty homer which tied the score at 2-2 in the sixth.

Rush gave only five hits, but they included Lopata's homer and triples by Granny Hamner and Willie Jones.

In the ninth, Banks led off with a double, but Simmons got the next three batters.

After Hamner tripled, but was out at the plate trying for an inside-the-park homer in the first, the Phils moved ahead 2-0 in the fourth.

With two out in the Phil fourth, Jim Greengrass walked, scored on Jones' triple and then Jones tallied on Rush's wild pitch.

The Cubs came back in the bottom of the fourth with their first run on a walk to Baker, Banks' single and Harry Chitt's one-bagger to center.

The Cubs muffed a chance to score in the seventh when Jim Bolger doubled with one out, made third when Jones dropped the ball on a tag play, but died there as pinchhitter Walker Cooper grounded into a double play.

White Sox Whip Yanks 2-1; Pull Within Game

NEW YORK (AP) — George Kell smacked pitcher Whitey Ford for a single that brought home the winning run in the ninth inning Friday night as the Chicago White Sox beat New York 2-1. The victory moved the Sox to within one game of the American League leading Yankees.

It was only the fifth hit off Ford and the second of the night for Kell.

The New York lefty until then had been working in a tight duel with righthander Dick Donovan.

Mickey Mantle, fanned by Donovan with the bases loaded in the third, belted a tremendous home run for New York's third hit and a 1-1 tie in the eighth. But the White Sox got the lead right back in the top of the ninth.

Nellie Fox singled for the fourth hit off Ford, stretching his consecutive game hitting streak to 13. Aand after Minnie Minoso sacrificed Ford to second, Kell frustrated Ford's attempt to give him an intentional walk and lined the single to left.

Holder Of July Wheat Contracts Sell Near Close

By LAWRENCE N. ELDRED
CHICAGO (U)—Just in case there might be expanded movement of raw wheat to terminals over the weekend, holders of July futures contracts sold heavily toward the close on the Board of Trade Friday.

Rye also was lower for lack of any appreciable demand, but corn and soybeans picked up ground on export developments. Oats and lard finished about steady.

Wheat was 2 cents lower to 1/4 higher at the close, corn 1/4-3/8 higher, oats unchanged to 1/4 lower and rye 1/2-1/4 lower. Soybeans were 3/4 to 2 cents higher and lard was 2 to 7 cents a hundred pounds lower.

Deliveries of wheat to elevators have lagged far behind a year ago because of rain and wet fields which held back combining and trucking. But later varieties in some winter wheat areas not seriously affected by the rainy spells reportedly have reached maturity, and the trade expects this production to show in volume next week.

Soybeans recovered from the previous session's weakness as Japan bought a million bushels of old-crop beans overnight and small amounts went to The Netherlands. Good gains in soy oil and meal futures also improved the demand for the oil basic.

The Weather Bureau's five-day forecast for the corn-soybean states indicated mostly clear and with temperatures averaging several degrees above normal. Traders expect both crops will make great progress with warm and dry weather for a spell.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (U)—A week in which hog prices rose nearly \$2.00 a hundredweight closed Friday with the pork trotters steady to 25 cents higher on butcher weights.

Not much of quality showed up in cattle which had a steady to 25 cents lower tone. Sheep were mostly steady and moderately active.

At \$22.25 choice barrows and gilts matched the Aug. 27 previous higher price. Most choice kinds sold from \$18.00 to \$22.00. Sows were steady to 25 lower. The best getting up to \$18.25. Most took \$13.75 to \$17.75.

Clearance was good on the 5,500 hogs, 800 cattle, 300 calves and 500 sheep available for sale. Shippers took 2,500 hogs.

Cattle trading placed tags of \$19.75 to \$21.50 on steers and yearlings grading up to low choice. Mixed yearlings made \$20.50 on two part loads in good and choice meat.

Commercial cows got no higher than \$14.00, comparable bulls than \$16.25 and choice vealers than \$22.00.

Choice and prime spring lambs ranged from \$25.00 to \$25.50. A few good and choice shorn sold at \$19.00. Good slaughter ewes were \$5.00 and below.

New York Bond Market

NEW YORK (U)—U. S. government bonds drifted downward Friday but the corporate bond market was steady.

Continuing Thursday's trend, most Treasury liens declined. Thursday there were rumors that the government plans to market a new long-term bond.

"Big Board" volume declined to \$3,970. 0 par value from \$4,740,000 Thursday as the corporate bond market steered a steady course. Railroads and utilities tended to ease while industrials inched upward. But most changes were small.

New York Stock Market

NEW YORK (U)—The stock market advanced Friday in a late rally.

Prices were thoroughly mixed most of the session, and in latter stages of trading one division after another started to march ahead.

The rise brought gains of \$1 to \$2 frequently. At the same time losses were pared down. They seldom went past \$1.

The afternoon rally was mostly in the railroads, rail equipments, movie issues, motors, tobacco, and chemicals together with many individual issues.

Most of the rest of the market was steady or mixed.

The railroads and equipment issues had the benefit of predictions of heavy rail traffic and the consequent need for more equipment.

The Associated Press average of 60 stocks was up 60 cents at \$171.30, another new high. The market in the past 10 sessions has established new highs eight times.

The industrial component of the average was up \$1.20 at a new high of \$234.50. Railroads were up 20 cents at \$137.20 (\$1.20 away from the previous high), and utilities were up 20 cents at a new high since 1931 of \$73.40.

Volume, too, simmered down to 2,340,000 shares against 2,760,000 Thursday.

On the American Stock Exchange, most stocks were higher. Volume was 990,000 shares as compared with 1,040,000 traded Thursday.

PERON FACES REVOLT—On the spot sources have announced that a revolution against the government of Juan Peron, above, is now in progress. Peron is shown here as he acknowledged the cheers of the crowds at a public event in 1953. Reports say that Air Force and Navy units are leading the revolt. Peron declares the revolt has now been put down.

State House Approves Record School Budget; Told Tax Hike Needed

SPRINGFIELD, Ill. (U)—The Illinois House Friday approved Gov. Stratton's record high budget of \$200,600,000 for state aid to grade and high schools during the next two years.

At the same time, the lawmakers heard a warning that the program would face a sharp cut unless they enact a half-cent boost in the state sales tax to finance the increased allotment.

Rep. Charles W. Clabough (R-Champaign), chairman of the Legislature's School Problems Commission, said the two school bills will be held up in the Senate until the House decides on the sales tax hike.

1,522 ARRIVE FROM KOREA

SAN FRANCISCO (U)—The transport Gen. Daniel I. Sultan arrived Friday from Inchon with 1,522 military passengers coming home from Korea on the rotation plan.

HUSBAND OF TV STAR

IMOGENE COCA DIES
NEW YORK (U)—Robert Burton, 46, husband of television actress Imogene Coca, died Friday at Mt. Sinai Hospital. He had been ill for several months.

A former actor, song and dance man and musician, Burton and Miss Coca were married 21 years ago when both were appearing on Broadway.

PERU IMPOSES DEATH PENALTY FOR KIDNAPPING

LIMA, Peru (U)—Peru Friday imposed death as the maximum penalty for kidnapping and murder. Capital punishment had been abolished for many years in this country, but frequent kidnappings and slayings involving children aroused public demand for return of the death penalty.

CHARLESTON, W. Va. (U)—In addition to being undeterred by sleet or storm of night, the couriers of the U. S. Post Office have also managed to deliver a letter from someone in Syria to the State Conservation Department. The letter, inquiring about vacation cabins, was addressed: "Holly River, 1592 acres near Webster Springs, Webster County, 9 cabins, U.S.A."

BETHALTO FARMER FATALITY HURT
ALTON, Ill.—David J. Miller, 54, of Bethalto, Ill., a farm hand at Alton State Hospital, died late Thursday night of injuries suffered when he was run over by a tractor at the hospital farm.

Miller died about two hours after the accident.

Resume Testimony In Move To Detach Land From School District

Directors of the Northwestern School Unit in Macoupin county told the Morgan county board of school trustees Friday that if a petition to detach a large section of territory from the district is granted, such action would seriously impair the district.

Samuel H. Ash Called By Death; Funeral Sunday

A prominent farmer and cattle feeder, Sam Henry Ash, died Friday morning at 11 o'clock. He resided east of Jacksonville for the past 35 years.

Mr. Ash was born at Sonora, Ky., August 25, 1888, the son of Alex and Arvilla Bush Ash. In November, 1910, he was united in marriage with Kate Bolton who died in 1942. His second marriage was to Hazel Schoedsack on April 11, 1943, who survives.

There are two children from his first marriage, William Ash of east of the city and Mrs. Ruth Daniel of Virginia.

He is also survived by the following brothers and sisters: Mrs. Ermine Smith, Frank Ash and Owsley Ash, all of Elizabethtown, Ky., and Mrs. Foster Stearnman of Hogginsville, Ky., and four grandchildren.

A daughter, Marjorie preceded her father in death in 1941.

Mr. Ash was a member of the First Baptist church and the Morgan County Farm Bureau.

Funeral services will be held at the Williamson Funeral Home Sunday afternoon at 3:30 o'clock.

The family will meet friends at the funeral home Saturday evening from 7 to 9 o'clock.

Richard English, Barbara Bushel, Diane Mason, Carl Reardon, Janet Rave and Teresa Sheehan.

Father Lydon cordially invites the public to attend this impressive ceremony.

New Pastor To Preach Sermon At Murrayville

Rev. John Wilkey, who was assigned to the Murrayville Methodist church by the Illinois Conference, will preach his initial sermon Sunday morning at 10:45 o'clock.

Mrs. Mary Jane Paul will be the soloist during the morning worship service.

Chapin Church To Have Rally

St. Paul's Lutheran church at Chapin will hold mission rally Sunday, June 19. At the 10 a. m. service the Rev. R. C. Rein of Decatur, who is the full time executive secretary of the Central Illinois District of the Lutheran Church—Missouri Synod, will speak on the work of the Lutheran church in the district.

At the 7:30 p. m. service, the Rev. Arthur Kuehnert of Pana, Ill., will present an interesting and informal mission message with the aid of charts and flannelgraph.

A special mission offering will be taken on this Sunday.

Claims Wife Was Already Married

Charging that the woman with whom he entered into a purported marriage was already legally married, Doyle R. Miller has filed suit against Ann Forrey in Morgan county circuit court, asking annulment of their marriage.

Miller, who is represented by Thomson & Thomson, attorneys, stated that he was unaware the defendant was married when a ceremony took place before a justice of the peace in Butler county, Ohio, Dec. 24, 1953. At that time, he alleged in the suit, she was married to John R. Porrey.

After becoming acquainted with the facts, Miller stated, he separated from the defendant.

Many Veterans At Hospital Are Auxiliary Guests

The veteran security and hospital chairman of the American War Dads Auxiliary, Chapter 28, Mrs. Etta Leigh, reported parties were given for veterans at the Jacksonville State Hospital in May and June.

On May 6, fifty-five patients were served chocolate milk and Boston baked pies. Mrs. Edith Oglet took a large selection of magazines for the men to enjoy. Those who assisted with the serving in May were Opal Bends, Edith Oglet, Eva Baxley and Mrs. Leigh.

There were seventy-seven men entertained on June 6 in the Recreation Center. Group singing, with Nellie Self Wandell at the piano, was enjoyed and tap dancing served as entertainment. There were eight employees of the hospital assisting the following members of the Auxiliary: Mrs. Oglet, Mrs. Baker, Eva Baxley, Eugla Bland and Sarah Scribner and Mrs. Wandell. The men were served refreshments of cakes, candy and orange juice.

Mrs. Ferry Leads Round-Table Talk Before Demo Club

The Democratic Woman's club met June 14 at Hamilton's cafe with the president, Mrs. Betty Houston, in charge. The meeting opened with the pledge to the flag followed with the Lord's Prayer.

Mrs. Margaret Ferry gave the program which consisted of a round table discussion on Democracy's Needs. Notes on the filibuster in the legislature were heard and each present was asked what they would enjoy for a program next year.

Mrs. Eunice A. Gotschall, county chairman, announced the committee meeting would be at 8 p.m. on June 30 at the home of Helen Herren, 873 North Church street. Mrs. Minnie Bealmer will be the assistant hostess.

Mrs. Houston conducted two games and refreshments of ice cream with wafers were served.

BOLD STORE-HOUSE BREAKERS

LOUISVILLE, Ky. (P) — Police Thursday night nabbed four storehouse breakers who were boldly drinking Cokes just outside the scene of their crime.

They readily confessed they broke into Union Hall, snatched some Cokes and left damage estimated at \$500.

The ringleader was 6, his lieutenant 5 and their accomplices 3. The boys were formally charged with "dependency" and paroled to their parents.

DANIEL BOONE TAKES SWIM

SAN FERNANDO, Calif. (P) — Daniel Boone, swimming in the San Fernando Reservoir, was booked at city jail Thursday as soon as police got him back into his buxings.

"I was havin' a grand time; I saw the 'no trespassing' signs but I figured I wouldn't get caught," said Boone, 35. He was charged with violating the municipal code by swimming in a reservoir.

TO SPEAK SUNDAY AT LYNNVILLE CHRISTIAN

Mrs. L. A. Crown will be the guest speaker Sunday morning, June 19 at the worship service at the Lynnville Christian church. Her topic is "Visions for Missions. Illinois College Makes Appointments

DR. JOSEPH BAUS

MRS. RUTH BELLATTI

The boards of trustees of Illinois College and of the First Presbyterian church announced Friday that arrangements have been made for the church's pastor, Dr. Joseph W. Baus, to be college chaplain on a part-time basis in addition to his regular duties as minister of the church.

At the same time, the college will provide a student to be employed as a part-time assistant to Dr. Baus in church affairs.

This arrangement will become effective next fall. As chaplain, Dr. Baus will counsel with students, work with the Student Christian Association in arranging for chapel speakers, and have general charge of the chapel and campus religious life.

Before coming to Jacksonville two years ago, Dr. Baus was associate pastor at the First Presbyterian church of Evansville, Ind., where he also worked with students at Evansville College. Last year he received a doctorate in education from Columbia University.

At the same time it was announced that Mrs. Ruth M. Bellatti has been appointed director of chapel music. Mrs. Bellatti, who is organist and choir director of Trinity Episcopal church, is a graduate of the Eastman School of Music of the University of Rochester, where she studied under Harold Gleason. She holds the degrees of bachelor of music and master of music, and the performer's degree in organ, and was formerly professor of organ at MacMurray College for 10 years. She is the wife of Walter R. Bellatti, an Illinois College graduate in the class of 1936.

Charles E. Vieira Called By Death Friday Evening

Charles Edwin Vieira, 70, a lifetime resident of this community, passed away Friday evening at Our Saviour's hospital where he had been a patient for the past two weeks. Mr. Vieira had been in failing health for the past two weeks. The family home was at 635 Myrtle street.

Mr. Vieira was born in Morgan county on December 21, 1884, the son of Joshua and Carrie Martin Vieira. In 1914 he was united in marriage to Nola Taul who survives along with the following children: Mrs. Frances Baptist, city; Charles, city; Robert, city; Lawrence C., city; Wilbur, city; Clyde, Chicago; and Nylene, at home.

He is also survived by four brothers: John of Ipava, George, Amos and David all of this city, and 13 grandchildren. Two children preceded their father in death. Mr. Vieira was a gunsmith by trade and attended the Assembly of God church.

The body was taken to the Williamson Funeral home where the family will meet friends Saturday evening from 7:30 to 9 p.m. The funeral will be held at the Assembly of God church on Vandalla street Sunday afternoon at 2:30 with the pastor, Rev. W. A. Gardner, and Rev. W. J. Boston in charge. Interment will be in the East cemetery.

6-FOOT SNAKE FOUND ON NORTH DIAMOND

A 6 foot 4 inch snake was shot in a weed patch after he had crawled across the street from the front yard of Leonard Vieira of 1404 North Diamond.

The farm editor for the Journal identified the snake as a Fox snake and that it was harmless. Mr. Vieira stated that he did not want it around the house, so he shot it.

Famed Producer John Golden Dies Friday At Age 80

NEW YORK (P) — The last-act curtain fell Friday on the life of John Golden, the fabulous Broadway producer with the touch that rivaled his name. He died in his sleep at the age of 80.

He was stage-struck from the age of 8. Few men took more from the theater than he did. Even fever gave as much back. He was the best known philanthropist in show business, where generosity is no rarity.

Golden might have spun out his years as a business executive. He was a successful one at 26. But Broadway was in his blood. He couldn't make it as an actor, and that was perhaps the only time in his life that he failed.

But he turned to song writing and later to producing and staging and his success was instant and tremendous. He wrote the lyrics for "Poor Butterfly," a song that sold two million copies.

His first show was "Turn to the Right." In 1916. It was a hit. So were eight of his next 11 shows. At his death he had produced more than 100, and it was his boast that there was no smut in any one of them.

Probably no one knew how much money Golden made. But by 1944 he was donating as much as \$100,000 at a time to the advancement of the theater.

LOCAL DISPUTES END AT STATE GM PLANTS; OPERATIONS RESUMED

CHICAGO (P) — All five General Motors Corp. plants in northern Illinois resumed normal operations Friday upon settlement of local disputes.

The last two to go back to work were the Buck Aviation Division with 1,000 employees and the Fisher Body Division with 3,000. The factories are in suburban Willow Springs.

Earlier in the day operations were restored at Electro-Motive No. 1 in suburban McCook, 5,100 employees; Electro-Motive No. 2, South Chicago, 1,500 employees, and Central Foundry Division, Danville, 2,400 employees.

The plants had been idle since Monday when the CIO United Auto Workers and General Motors agreed on a new contract in Detroit.

Circus Performer Hurt In 55-Foot Plunge From Pole

ATLANTIC CITY, N. J. (P) — A 38-year-old high-wire performer was injured at Steel Pier Friday when he slipped off a swaying pole and plunged 55 feet to the stage below.

An estimated 3,000 spectators, watching the amusement pier's first water circus of the summer season, gasped in horror as Robert Atterbury toppled from the pole.

Atterbury, a former Californian who now lives in Minneapolis, was taken to Atlantic City Hospital with a fractured right heel, fractured pelvis and bruised ribs. His condition was described as good.

Atterbury, his wife and sister-in-law—who call themselves Dioca & Co.—were nearing the top of the 65-foot pole when he fell. He was at the 55-foot level while his wife, Lauren, 25, and sister-in-law, Shirley Peterson, 21, were together about 15 feet below him.

Claim Widespread GAW Plans Would Hurt U.S. Economy

CHICAGO (P) — Directors of the National Assn. of Manufacturers contended Friday that if the guaranteed wage plans recently approved by General Motors and Ford are widely adopted they will "have seriously damaging effects on our American economy."

"Such plans create inequities among employees, conflict with many state laws, deplete state unemployment compensation reserves and jeopardize the financial strength of many companies," the directors said in a statement.

They said the guaranteed wage plan, which embodies supplemental payments by employers to state unemployment compensation benefits, would hurt especially the new and smaller companies "which can be a major source of new jobs."

Saying they recognize the "natural desire of employees for greater job security," the directors recommended continued study, at the state level of unemployment compensation laws "to make sure they are adapted to present economic and local conditions."

They said the NAM "urges particularly that such laws should include the incentives to industry, such as experience rating, to minimize employment fluctuations. Such laws should not discourage either the creation of job opportunities or the incentives of the unemployed to seek jobs."

The directors urged continued efforts by industry to create more and better jobs and to minimize employment fluctuations.

Faces Murder Rap In Fatal Scalding Of Her Daughter

CHICAGO (P) — A coroner's jury Friday recommended that a young mother be held to the grand jury on a charge of murder in the fatal scalding of her 4-year-old daughter.

The verdict of murder was reached in the case of Mrs. Shirley Creasy, 20, who testified that she plunged her daughter, Azalea, in a tub of laundry for punishment. Mrs. Creasy, a Negro, told the coroner's jury:

"I told her to do something she wouldn't do."

Mrs. Creasy said the tub of water was only "medium hot" and contained half a pint of bleach. A coroner's physician said the child's death resulted from scalding.

School Districts Will Benefit From Rail Tax Decision

SPRINGFIELD, Ill. (P) — State Revenue Director Richard Lyons said Friday 302 school districts will benefit from a State Supreme Court decision in a railroad tax case.

The court ruled Thursday the department properly assessed the Chicago and Northwestern Railway Co. at 86 1/2 million dollars. The decision reversed a lower court ruling which had reduced the assessment to 50 million.

Lyons said the total amount of property taxes paid under protest by the railroad was one million dollars a year for the past two years.

He said the 302 school districts in the 24 counties through which the railroad operates in Illinois will be the chief beneficiaries.

The counties are Boone, Bureau, Cook, DeKalb, DuPage, Fulton, Kane, LaSalle, Lake, Lee, McHenry, Macoupin, Madison, Marshall, Mason, Menard, Ogle, Peoria, Sangamon, Stark, Stephenson, Tazewell, Whiteside and Winnebago.

SWISS EXPEL REDS

BERN, Switzerland (P) — Swiss federal police announced Friday the expulsion from Switzerland of 20 Italian Communists accused of mixing in the internal affairs of this nation.

Former Local Couple Draws Prison Terms

A former Jacksonville young couple will spend most or all of their lives in prison for the slaying of an Alton Sunday School teacher and her fiancée several weeks ago.

James (Cowboy) Olive, 25, was given two 99 year sentences in prison by Circuit Judge Quentin Spivey at Edwardsville Thursday. Laura Olive, 18, was sentenced to 30 years in prison.

The Olives, who formerly resided on North Sandy street in Jacksonville, pleaded guilty to charges of murder.

The bodies of Dorothy Ray Browder, 20, of Alton, and Joseph Greene, 24, of Godfrey, were found near an Alton quarry May 15. They had been shot to death.

A wide search was carried on for Olive and his wife, who were seen in company with the victims the night of the murders. The fugitives were located in Texas and brought back to Madison county.

The motive of the murders was said to be robbery.

Laura Olive tried to hang herself in the Madison county jail two weeks ago, a repeat performance from one she staged at the Jacksonville city jail last December after being picked up as a suspect on a burglary charge.

Olive was nick-named "Cowboy" because of his western style of dress, and a penchant for tossing knives.

Molotov's Chicago Knowledge Proves Surprise To Cop

CHICAGO (P) — The visit Soviet Foreign Minister Molotov was first, Chicago Thursday was his first.

But a city detective who spent five hours with the high-ranking Russian observed Friday that "he seemed to know more about Chicago than I did."

Det. Bryan Connolly, 40, rode in the same car with Molotov and his Russian assistants as they toured parts of the city between trains on a trip to San Francisco for the 10th anniversary meeting of the United Nations.

Connolly said that at the United States Steel Corp. South Works he told the foreign minister that the output was 4 1/2 million tons of steel a year.

The detective related that Molotov, through an interpreter, corrected him, saying it was 5 1/2 million tons.

Connolly said Molotov "knocked just about everything he saw."

At one point, recalled Connolly, they drove through a slum district, adding:

"He asked me what those buildings were, and I said they were old landmarks that had survived the Chicago fire."

"Most of Chicago seems to have survived the fire," he snapped back.

"We saw an exceptionally pretty girl on Michigan avenue and I told him 'there's a blonde'. He replied, 'We have blondes in Russia, too.'"

Mayor Richard Daley was perturbed when he learned from Connolly that Molotov had seen some cleanup and construction sites along Lake Michigan and had asked if the city couldn't "get a prettier shoreline."

"Those weren't eyesores," Daley retorted. "They were signs of progress."

Would-Be Bandit Flees Woman Clerk He Couldn't Scare

CHICAGO (P) — "You're not scaring me," Mrs. Genevieve O'Neill, 50, said Friday as a gunman tried to push the muzzle of his revolver through the opening in her cashier's cage at a West Side currency exchange.

Mrs. O'Neill then laughed, pushed the alarm bell, picked up the phone and called the police.

The gunman, described as a curly haired blond about 27, backed away in confusion, turned and fled to an auto parked around the corner.

His loot consisted of three 3-cent stamps he had taken before Mrs. O'Neill spotted him. In her cashier's cage was \$11,000 — \$9,200 of which had been delivered by armored car 10 minutes before the attempted robbery.

Police later seized Robert Stullwell, 29, a stereotyper, at his home. Mrs. O'Neill identified him as the man who tried to rob her. He was held without charge for questioning.

DIES OF SHOCK AFTER MIRROR DROPS ON FOOT

MILWAUKEE (P) — A Milwaukee woman died Friday of shock and loss of blood after a mirror dropped on her foot, severing an artery.

Mrs. Odessa Spruell, 40, walked over to a heavy wall mirror in her home to adjust it Thursday night. The mirror slipped from its wall fastening and struck her on the foot. It fractured the foot and cut an artery.
